## 實施經過・実績報告

## Progress Report

<Progress>

1. In order to embody the research content, we collected papers on "●●●●●●●●" in research in related fields.
2. Completion of research planning and research design, and move on to the next guidance content.
3. We have collected the information necessary for the research, but it is insufficient, so we will continue to provide guidance in the next fiscal year.

## <Report of results>

None, preparing to post, posting on ●●●, posted on ●●●, etc.
